

Flex-a-Bowl Scale™

BSCFB2000

Features:

- Water resistant nano coating
- Auto-off function
- Flexible bowl/ Protective cover
- Backlit digital display
- Multiple weighing units
- 2000 gram capacity
- Accuracy: 0.1 grams
- Requires two AAA batteries (included)

Flex-a-Bowl Scale™

With a water resistant nano-coating it can handle the wet environment of your kitchen or coffee shop. The protective silicone cover expands to become a flexible bowl, perfect for roasters to fill bags with coffee beans or grounds without the need for scoop. The backlit LCD displays weights in grams, ounces, troy ounces and pennyweight. Hefty 2000 gram capacity remains accurate to 0.1 grams. Powered by two AAA batteries (included).
